

How to Access Data:

The **Dynamic Sufficiency Tool** provides London Local Authorities with secure access to child-led data through an interactive platform that gives commissioners a wide range of meaningful, real-time insights. It supports stronger commissioning decisions and more informed strategic planning to better meet the needs of children and young people.

If you **don't** have a LIIA Members Area Account:

4. This will go to LIAs admin team who will approve your request.

Please use the following link to **register for access to the Members Area:**
[Members Area](#).

Complete the registration form to gain access to the member's page; and below select the pages/dashboards you would like to have access to.

To access Commissioning Data, select the Pan London Dynamic Sufficiency Tool.

If you already **have** a Members Area Account or once you are registered:

Log in, and select [the Members Area Dashboard](#)

This will show the different areas.
Select "[Pan London dynamic sufficiency Tool](#)",

Then select "[LIIA Commissioning Dashboards app](#)" which will take you to the Sufficiency Tool.
